

1st Southwest Bank

We Can Help You Get There™

KENT CURTIS, CEO

From the Desk of the CEO,

As a locally owned community bank, First Southwest Bank embraces our core values of People & Culture First, Lead Fresh Ideas, and Make A Difference. These values continue to guide us as we navigate uncertainty surrounding COVID-19.

Our thoughts go out to individuals and families that have been affected by this extraordinary whirlwind of events. In order to continue to best serve our community, we are carefully and continually monitoring COVID-19 developments and protocols.

Our drive-up remains open, as well as ATMs and Night Drops. Additionally, appointments are available for deposit box access, loan requests, and new accounts. For those wanting to complete their banking transactions from the safety of their home, we offer online banking through our website as well as our mobile app. We also now accept online loan applications.

We will continue to update customers through our website, www.fswb.bank. We value the safety of our community and are here to help in this stressful time.

Thanks for letting us continue to serve your banking needs.

Sincerely,

Kent Curtis, CEO
First Southwest Bank
